Dedication

The class of '82 takes great pride in dedicating "The Spirit" to Mr. James Coughlin. Mr. Coughlin combines the finest qualities in being both a teacher and a fine human being. His involvement in countless activities makes Mill River and our communities a better place to live in . His warmth and his caring for others make us feel better just for having known him. Once again, we say "Thank You."

CONGRATULATIONS TO THE CLASS OF 1982

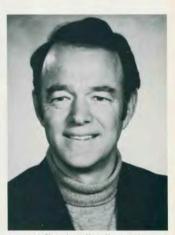

The graduation ceremony and the diploma you receive tell the world that you are ready to go ahead to the next step in your lives. You have passed through an important part of the learning process. If it has been completely successful, the main thing it has taught you is how much more there is to learn.

Graduation is likened to climbing a mountain: You have climbed up the mountain. It was easier for some of you than for others. But for all of you, it is an accomplishment which your parents and friends applaud. We congratuate you. You have completed an important phase of your education. Use it well.

Sincerely Yours, Mr. Houghton
